WHAT'S UP, OR DOWN, WITH OUR ELEVATOR?

Our Property Team has received three viable vendor proposals for the control system upgrade to our elevator. The Property Team is currently grinding through the details of these proposals, asking follow-up questions, and preparing an informed recommendation for our Church Council Executive Team. What do we know now?

- We have three viable options
- We have the right team working on the details
- We have an open insurance claim that may provide additional resources
- We have funds available to begin the work (Cornerstone Loan in the bank)
- We should be in a position to make a decision and move forward toward a fully functional and serviceable elevator in the very near future

All this is 'good' news and positive progress! Special thanks to our Property Team: Bill Bond, Gary Tackes, Claude Zimmerman, and Joe Mueller for their dedicated efforts!
