

## ADOPT-A-BILL FUNDRAISER IS BACK

Help the church generate additional income by “adopting” a bill! Church Council invites you to adopt one (or more) of the church’s bills/expenses. Traditionally, the summer months are quieter around church - this applies to our revenue stream as well. The bills will be posted outside Fellowship Hall. You will see two sets (blue for monthly and green for weekly) with average utility and other expenses. Please consider helping out! You may place your “bill” in the offering plate or return to the Church Office by June 8.

## CHURCH COUNCIL VACANCIES - PLEASE CONSIDER SERVING

Church Council elections take place annually at our Spring Congregational Meeting. We invite members to consider serving a two-year term. Both our Clerk and Treasurer on the Executive Team need to be filled. In addition, there will be three open Team Representative seats - Fellowship, Liturgy, and Property; also two-year terms. [Click here](#) to read about the role descriptions. If you are interested, or would like to nominate a church member, please contact the Church Office or a member of Church Council (listed on *page 14*). Thank you!

## SPRING CONGREGATIONAL MEETING SET FOR JUNE 8

Please save the date for our Spring Congregational Meeting on Sunday morning, June 8 after the 9:00 service. The primary item of business is Church Council elections. Annual Reports from our Church Council Team Representatives will be available. We also anticipate dedicating time to discuss and understand what lies ahead for our church elevator (see *below*). Please make a point to attend.

## UNFORTUNATE NEWS ABOUT THE ELEVATOR

We are saddened to deliver the unfortunate news that our elevator will need a full system upgrade. All of the elevator company visits and diagnoses over the past 20 months have led us to this point of understanding. Because of the thunderstorm on March 10, 2023 that caused surge damage, and the fact that our elevator is almost 30 years old, we are faced with the reality that we need to fully repair and rebuild the control system. Although this is incredibly disappointing, it brings more clarity to the direction needed to repair the elevator with the result being a modernized elevator that is functioning and serviceable. We have an open insurance claim and will seek competitive bids as part of the process. Profound thanks to the Property Team for their work and diligence. We plan to provide an elevator update at our Spring Congregational Meeting on June 8.
