

CHECK OUT THE OUTREACH NOOK

Our Community Outreach Team has been brainstorming ways to get the word out about the needs of the six local service organizations that our church supports, as well as idea how we can celebrate the generous response by our congregation (collections, drives, etc.). We would like to thank Renee Proctor for creating a warm and inviting Nook which shares information about each organization, current announcements, and past initiatives. The Nook is located in the lower Narthex next to the elevator. Come take a look!

INTRODUCING OUR NEW CHURCH SOFTWARE

In April, the church purchased software called Realm from ACS Technologies. It is designed to connect our congregation by integrating the core components of running a church: administration, accounting, and community. There are two parts to our account; the Accounting Plan tracks our financial contributions, fund accounting, chart of accounts, produce contribution statements, and much more. The Connect Plan will allow our entire congregation to engage with each other! In the near future, you will be invited to set up an account with a personal profile, allowing you to peruse our church directory, look up birthdays, anniversaries, and phone numbers. You will also be able to view your financial contributions. *Note: those who pledged a financial commitment in 2024 should have been emailed a Pledge Statement generated by Realm on October 28. Please reach out to the church if you did not receive it.
