

LIGHTHOUSE YOUTH MINISTRY - APRIL PLANS

Our church partners with four other local churches to support our joint ecumenical initiative, Lighthouse Youth Ministry. Lighthouse offers a safe and affirming community where all youth grades 5-12 are:

WELCOMED regardless of religious affiliation or beliefs,
EMPOWERED to explore questions of faith and life, and
EQUIPPED to serve their community and the world.

Events are held at Lighthouse Headquarters, 513 West Grand Avenue in Port Washington, unless indicated otherwise. Please contact Lighthouse Director Christin Flucke at (262) 483-9582 or email christin.flucke@lighthouseyouth.org if you have questions or want to RSVP. Visit their website at lighthouseyouth.org.

Here are their plans for this month:

Sunday, April 6, 7:00-8:00 p.m. - Easter Baskets for Family Promise

Lighthouse will once again be partnering with Family Promise to assemble Easter baskets for the children they are currently serving. Help the group put together 22 baskets filled with fun treats and toys to share God's love with our neighbors this Easter.

Note: We do not need any donations for the baskets this year as the supplies are being purchased with the help of a Thrivent Action Team grant.

LIGHTHOUSE LIFE NIGHT

FAITH, FRIENDS, FUN

Sunday, April 13, 7:00-8:00 p.m. - Lighthouse Life Night

Come hang out at Lighthouse Headquarters for a casual gathering of games, snacks, and conversation. New faces are always welcome!

Sunday, April 27, 6:00-8:30 p.m. - Visit to Synagogue in Mequon

(RSVP by April 13)

Join us for a fun and educational evening as we spend time learning from our Jewish neighbors at the Peltz Center for Jewish Life in Mequon. We'll have a chance to tour their facility, speak with one of the rabbis, and learn about the similarities and differences between our two religious traditions. Meet at Lighthouse at 6:00 and carpool together.

Note: Parents and congregation members who are interested in this experience are welcome to join us, but please RSVP to Christin by April 13 so she can give our hosts a count of how many people to expect.
