

## LOCAL ONLINE SECURITY SEMINARS ON APRIL 5

Christ the King Church in Port Washington will be hosting two free seminars designed to help individuals and small businesses protect themselves from cybercrime, led by Aurelia Addams, Director of Cybersecurity at Vanguard Intelligence and Security Group. The seminars are FREE and OPEN TO THE PUBLIC and aim to provide valuable information on how to stay safe online. While these seminars are free, please register in advance so there are enough materials for everyone.

# Online Security Seminars for Individuals & Small Business Owners

Both seminars are led by  
Aurelia Addams,  
Director of Cybersecurity at Vanguard  
Intelligence and Security Group

There have been big increases in cyber crime targeting individuals and small businesses in our community, and we are reaching out to give people information they need to be more aware and stay safer.

**2 FREE SEMINARS!**

**PUBLIC WELCOME!**

**BRING YOUR LAPTOPS!**
