

SOUTHEAST ASSOCIATION UCC 2019 Camp Scholarship Information

The Southeast Association Camp Scholarship Application is online. Visit <https://www.surveymonkey.com/r/L5997D8> to complete the application.

The Southeast Association budget includes a limited amount of money for camp scholarships. The following guidelines are intended to ensure that all who wish to attend camp are able to do so. When it is possible, a three way partnership among families, their churches, and the Association is a great way to make camp more affordable. In cases of need beyond the ability of these partners -- UCCI (Pilgrim Center and Moon Beach) also have scholarships available.

Guidelines

The general guidelines by which the SE Association Administrative Team plans to award camp scholarships is as follows:

- Scholarships are need based.
- Application Deadline is Wednesday, **May 8**, 2019. Only applications received by the deadline are guaranteed consideration. Late applications may receive awards only if funds are still available.
- Generally, the Association seeks to give scholarships that match each camper's local church's contribution. If local churches are unable to contribute, the association will work with the family to try to assure that all who would like to participate are able.
- Campers with extenuating circumstances may be eligible for more funds, and can receive these by writing a brief explanation on their application of the reason for their request. Whenever possible, we believe that no one should be turned away from camp because of financial need.
- You are expected to ask your local church if camp scholarships are available before requesting scholarships from the Association. This does not mean that Association Scholarships will be limited to the amount matched by local churches. Rather, we hope that this will inspire partnership, good stewardship, and fair distribution of our gifts.
- **Campers who turn down available funds from their local church will be ineligible for Association funds.**

Thank you, and have a blessed camp experience!

Your Southeast Association Administrative Team
